

ENORMOUS VOTES ARE BEING POLLED

Republicans Confident of Victory in Paducah Election.

TWO MURDERS AND TWO HUNDRED ARRESTS IN PHILADELPHIA TODAY

Big Vote in Louisville With Both Sides Claiming Victory--No Bloodshed.

The best information obtainable at press time was that quite a heavy vote was being polled by both parties and more interest than usual was taken in this year's election.

The democrats have been badly frightened, and had buggies out at work before the polls opened, getting out the vote. A number of trivial irregularities such as delay in getting ballots and such things, unlocked boxes, etc., were reported, but these things were soon adjusted.

The republicans have worked hard, and if statements of democrats amount to anything, there has been a vast deal of "scratching" going on.

The constitutional amendment and hog question do not appear to have been forgotten. Slips of paper were printed and distributed as follows all over the city: "Vote NO on the hog question by stamping in the square opposite NO, and then you will not have other people's hogs destroying your property."

The democratic rally last night was nothing remarkable, and was the last effort of a badly frightened crowd to get the voters in line. The rally attracted about as many people as a base band, fire works and a cannon usually attracts. The democrats are said to have turned loose a lot of money during the past few days, a lot of it being political assessments on appointive and prospective office holders.

The weather has been very fine, which was conducive to a big vote.

This afternoon many democrats appeared to be very pessimistic over the outcome, while republicans claim that they have apparently won. The whole city administration seemed to be out working, from Mayor Yeiser down, and several police officers in plain clothes were out driving buggies. It is reported that the democrats had out today fifty buggies, all told.

County Chairman Loses His Vote.

Attorney W. A. Berry left last night for Greenville, Miss., to attend to some legal business. Mr. Berry is chairman of the county democratic committee and tried every way to get to remain here and vote, but could not. He could not remain, as a case he was in was on trial.

Little Disorder in Louisville.

Louisville, Ky., Nov. 7.—At 2 o'clock fully two-thirds of the vote had been cast in Louisville. The fusionists claim to be winning, and the democratic managers say they are satisfied with the progress of the election so far. The race for school trustee indicates an almost 2 to 1 vote for the democratic ticket. Little scratching, it is thought, is being done. There have been some disorders at the polls, but nothing serious and only a few arrests have been made. The weather is beautiful. Out in the state the general report is fine weather and a heavy vote with little or no disorder.

Leaders Spirited Away.

Philadelphia, Nov. 7.—Harbor Master Majoney, Magistrate Fealey and ex-Lieut. of Police Carey, leaders of republican forces were arrested at the polls, and friends are unable to learn where they were taken, as the police refused to give out the information. In one precinct the voting places were wrecked.

The President Voted.

Oyster Bay, Nov. 7.—President Roosevelt came home to vote this morning and was greeted by his old friends and neighbors. He immediately went to the booth and deposited his ballot.

In New York.

New York, Nov. 7.—McClellan and Jerome lead in the early vote.

Betting on the result of the New York majority election in favor of Tammany's candidate for mayor and the independent for district attorney is at 2 to 1. The weather is fair and cool, auguring a heavy vote. Party estimates of pluralities have been made as follows: For McClellan—no estimate. By Murphy: unofficial statements by his aides varying from 45,000 to 80,000. For Jerome, no estimate of plurality but an estimate by John A. Hennedrick, his secretary, is that Jerome will get 200,000 in a total of about 300,000. For Ivins a plurality of 13,000 based on a total vote of 217,000. The polls opened promptly at six o'clock this morning. Heavy voting began immediately and there is every reason to believe an enormous vote will be polled when the polls are closed at 4 o'clock this evening. The registration was about 615,000 as usual.

The great unknown problem is, who will the conservative business men support. Many of them are republicans and most of them anti Tammany men under ordinary circumstances. They elected Seth Low and they elected William Strong over Tammany, both in recent years. If they go to Ivins solidly they will probably elect Ivins. If they are frightened at Mr. Hearst's advanced theories and go solidly for McClellan, they will elect McClellan. If they divide they will elect Hearst beyond a doubt.

Leader Murphy of Tammany distributed \$122,500 in "dough," nearly a ton of instructions to workers and a great many words of advice to the 35 district leaders yesterday afternoon and dined at Delmoncos last night.

The "dough" distributed was on an average of \$3,500 to each of the assembly districts, although some of the districts did not get that much. Every leader put in an estimate of the amount needed by him to "man the polls" today.

Two Murders, Many Arrests, in Philadelphia.

Philadelphia, Pa., Nov. 7.—Two murders have already been committed and two hundred prisoners landed in jail, as an early beginning for what promises to be the bloodiest and most stormy election in the history of Philadelphia.

All news relative to the murders are withheld by the officials. The outlook is that the vote will be unusually heavy, and the organization majority will be greatly depleted, if not entirely wiped out.

Looks Like McClellan and Jerome.

New York, Nov. 7.—There have been several arrests for illegal voting and a number of assault cases. Mayor McClellan remains a favorite at two to one in the betting, and it is generally conceded that Jerome will be elected district attorney.

Quiet in Ohio.

Cincinnati, Nov. 7.—The election is passing off quietly with beautiful weather, and a heavy vote. No serious disturbances had occurred up to noon.

ELECTION RETURNS AT SUN OFFICE TONIGHT.

The Sun will tonight receive election returns from city, county, state and nation, and the public is invited around to get the latest and most reliable. On account of the moonlight, it is probable that the returns cannot be displayed on a screen, but the Sun will post bulletins and give the public any information obtainable.

CHAFFEE MAY RETIRE.

Gen. Bates Expected to Succeed Chief of Staff About January 1.

Washington, Nov. 7.—Lieut. Gen. A. R. Chaffee, chief of staff of the army, contemplates going upon the retired list in advance of the date when he would be so transferred by operation of law. The latter event would occur on April 14, 1906, and it is under consideration by Gen. Chaffee that he shall anticipate such retirement by several months.

It is probable he will ask to be retired about January 1, and he will then be succeeded by Maj. Gen. Bates now the assistant chief of staff.

FOUR KILLED.

By a Collision at Liverpool Between Freight and Passenger Trains.

Syracuse, N. Y., Nov. 7.—In a head-on collision of passenger and freight trains on the Rome, Watertown and Ogdensburg railroad at Liverpool this morning four men were killed and several injured. The engines were telescoped and the freight cars burst into flames. One body could not be removed from the flames, which enveloped the wreckage. The dead are two of the crew of the freight, Mail Clerk Thompson and an unknown man.

CAREER OF CRIME ENDED BY BULLET

Murderer of a Girl Commits a Double Crime.

Shoots His Female Companion and Then Killed Himself to Avoid Arrest.

WAS A VERY DESPERATE MAN.

San Francisco, Cal., Nov. 7.—Milton Franklin Andrews, wanted for the sensational murder of Bessie Bouton at Colorado Springs last night, shot and killed his female companion, Nulda Olivia and then killed himself. Andrews was also wanted for a murderous assault on William Ellis at Berkeley, Calif. The police had located the couple and when they were about to enter the house Andrews killed the woman and ended his own life.

A little over a month ago Andrews and the woman arrived on a steamer from Australia. On the voyage they formed the acquaintance of William Ellis, a horseman. Ellis was known to have considerable money in his possession. Friendly relations were established and when Andrews and the woman engaged a cottage at Berkeley they invited him to luncheon. During the meal Ellis was struck in the head with a hammer and the woman fired a couple of shots at him but they missed their mark. Ellis escaped and notified the police.

A search of the cottage showed that the pair had made complete preparations for disposing of Ellis' body. Implements for dismembering the corpse and for mutilating and large pieces of old cloth for preventing the blood stains were discovered. The couple fled immediately after Ellis' escape and were not located until last night.

Photographs of Andrews were obtained and he was positively identified as a friend of Bessie Bouton, of Syracuse, N. Y., who was murdered at Custer's Canyon near Colorado Springs ten months ago. Bessie Bouton was murdered and later the clothing and body saturated with benzine and ignited. When the remains were found they were so badly mutilated that only the gold filled teeth served to identify them.

RIOTERS FIRED A CROWDED THEATER

Many Burned to Death and Several Hundred Injured.

Many of the Scenes of Carnage Are Too Horrible to Describe in Words.

MASSACRE OF JEWS UNABATED.

Berlin, Nov. 7.—The local branch of the Russian revolutionary society has received information of an outrage perpetrated at Toms, Russia. Reactionaries set fire to a theater, where three thousand reformers were holding a demonstration. The doors to the building were closed, but the audience burst through and a great majority escaped. Thirty were burned to death and seventy-five crushed in the panic. Ten others were killed by jumping from windows. Over four hundred were injured.

At Home of Anarchy.

Bucharest, Nov. 7.—All Bessarabia is aflame with anarchy and at Ismael a state of siege has been declared. The town is reported in flames, with a fire brigade assisting the incendiaries. The massacre of Jews is proceeding and over forty have been killed. Near a railroad station in Tspolita last night robbers, assisted by soldiers, attacked a train, killing all the passengers. An armed band recruited from butchers is marching through the country murdering and robbing.

Sick Jews Saturated With Oil.

Odessa, Nov. 7.—The latest accounts of the devastation in the Jewish quarter add horror to the situation. Besides numerous mills all the bakeries, shops and nearly 600 homes have been destroyed. The Jews killed in every circumstance were treated with revolting barbarity. Heads were battered with hammers, nails were driven into the bodies, eyes were gouged out and ears severed. Many bodies were disemboweled, and in some cases petroleum was poured over the sick found hiding in cellars, and they were burned to death.

It is alleged that the police and soldiers everywhere marched at the head of the mobs, inciting them to destroy the Jews, by crying "The Jews have killed our emperor," and similar expressions.

State of Civil War.

London, Nov. 7.—The Mail's St. Petersburg correspondent says: "War, hopeless war, prevails in Caucasus. The Trans-Caucasian railway is effectually crippled and reinforcements have been compelled to march. Seventeen bridges have been wrecked and rails have been torn up in forty places. Telegraph lines have been destroyed and Georgia and Daghestan are isolated.

"Every male is in arms and the war office is hopeless."

The Bureharest correspondent of the mail says:

"There is terrific news still from Kishinev. The city is strewn with dead. Famine reigns throughout Bessarabia and the Jews are taking refuge in cellars where they are dying by wholesale. A mob of a thousand rioters engaged in a massacre of Jews in Ismael, Bessarabia. A force of dragoons arriving from Barestery fired on the mob, killing 12, wounding 114 persons. Bessarabia revolt is assuming immense proportions."

More Disorders at Odessa.

Odessa, Nov. 7.—Fresh disorders were reported last evening in the suburb of Dania Melnitski. The theater of Akkerman, near Odessa, is in flames. Anti-Semitic disturbances are reported from all outlying districts. Peasants are greatly excited and are urged on by agitators from Odessa. Troops have been dispatched to the disturbed districts.

In view of entire devastation of almost all Jewish mills, shops and factories trade of Odessa is threatened with complete ruin and wholesale bankruptcy is feared, involving international credit of Russia.

Some banks and all shops have reopened and the streets are being cleared of debris. It is claimed in some quarters there that estimates higher than 2,000 killed and 5,000 wounded are exaggerations.

Mr. W. B. Pace, of Louisville, is in the city, and is the guest of Mr. Muscoe Burnett on West Broadway.

MURDER IS OUT.

Girl Confesses That Her Father Was Killed by Her Sweetheart.

Mincola, L. I., Nov. 7.—Gertrude O'Hara, 18 years of age, whose father, Patrick O'Hara, was murdered near here last August told the police today that her sweetheart, Cleveland Poole, killed her father.

According to the girl's confession her lover came to her within an hour after her father's death telling her details of the crime and both she and her mother know where O'Hara's body lay for over a month before it was found by strangers and brought home.

CRAWLED INTO ENGINE PIT

And Was Buried Alive in Hot Coals and Cremated.

Elizabeth, N. J., Nov. 7.—Thomas Gallagher was buried alive under five coals here and burned to death. He crawled into an ash pit under the railroad tracks of the Port Reading yards last night and went to sleep there. An engine backed down to this pit and stopping directly over the spot where Gallagher lay asleep, dumped burning coals and red hot ashes upon him in such quantities that the sleeping man was completely covered.

DIED IN AMBULANCE FROM BROKEN BACK

Illinois Central Workman Fell From Bridge at West Point.

He Was Being Taken to the Illinois Central Hospital When He Expired.

LEAVES A FAMILY IN CHICAGO.

E. B. Linder, aged 38 years, of Chicago, Ill., but a bridge foreman employed by the Illinois Central at West Point, Ky., died in the railroad ambulance en route to the local I. C. hospital here this morning, the result of a broken back sustained in a fall from a bridge yesterday morning at 10 o'clock at West Point.

Linder was overseeing the bridge carpenters when he fell from the bridge. He alighted in such a manner as to break his back. As soon as possible, physicians were summoned and gave what relief possible. His injuries were temporarily dressed for travel and he was brought to Paducah to be placed in the hospital.

He arrived at 3:40 this morning, and was carefully placed in the ambulance. He died, however, before the hospital was reached.

The deceased leaves a wife and probably several children in Chicago, and they have been telegraphed and apprised of his death. The body is being held at the Paducah Undertaking company's establishment pending word from relatives.

MISS EUGENIE CLARK WEDS IN FAR WEST

Popular Paducah Writer Marries Henry Horace Cleugh.

He Owns a Gold Mine in British Columbia—His Gift to the Bride.

ROMANCE BEGAN IN NEW YORK

A host of friends of Miss Eugenie Clark, of Ninth and Clay streets, Paducah, will be surprised to learn that she is now Mrs. Henry Horace Cleugh of Regina, British Columbia. The announcement of her marriage was received this morning by her mother and a few friends.

Miss Clark left Paducah several weeks ago, accompanied by Miss May V. Patterson, for San Francisco, as delegates from Kentucky to the national convention of the Daughters of the Confederacy. When the convention was over Miss Patterson left for Texas to visit, and Miss Clark for British Columbia to visit friends. The friend was a sister of her fiancé, Mr. Henry Horace Cleugh.

The wedding had been set for this month in Paducah, and Miss Clark's trousseau was being prepared. Urgent business reasons prompted her fiancé to ask that the ceremony be performed there, and on last Tuesday, October 31, Miss Clark and Mr. Cleugh were quietly married at the St. Paul Episcopal church at Regina.

The wedding was the culmination of a romance which began in New York several years ago, when they became acquainted through mutual friends. Mr. Cleugh in Chicago last summer attempted to induce his fiancée to have the ceremony performed there, but was put off until the latter part of November. Mr. Cleugh found it imperative that he remain in British Columbia, however, so the ceremony was performed there, rather than postpone it until spring.

A brief biography of Mr. Cleugh, from British Columbia to the Sun says:

"Mr. Cleugh is the owner of a rich gold mine in British Columbia, and is a man of much prominence. He has been twice offered the nomination as a member of parliament, but declined on account of his business interests keeping him at home. He is an officer in the royal Canadian artillery, and is son and grandson of prominent officers in the British navy.

"One of the groom's gifts to the bride was a generous bank check. Also a locket made of gold from his mine, carved with the coat of arms and the motto of his family, and containing a lock of hair from the head of 'Bonnie Prince Charlie,' the most loved of all Scottish kings. The lock of hair is a family heirloom, having been given by the king to a lady of his court, who married into the family.

"Mr. Cleugh will go to his mine in the Cariboo Mountains for the winter, and as the winter will be too severe for his bride Miss Cleugh is to go to Paducah this month to spend the winter with her mother."

Mrs. Cleugh comes of one of Paducah's oldest and best known families. As a poet and writer of prose she ranks among the brightest of Kentucky writers and is a gifted woman. She has traveled extensively, met many prominent people, and is a descendant of George Rogers Clark on her father's side, and from the celebrated French family Reneau on her mother's side. She is of striking personality and a most gracious manner with a touch of the French vivacity.

The wedding here was to have been a very elaborate affair. The goods for the wedding gown is of imported ivory brocade satin, said to be one of the handsomest pieces ever seen in Paducah.

As Miss Clark, Mrs. Cleugh attracted much attention at the St. Louis exposition last year by an original poem on the Louisiana Purchase read Reneau Day, and both her prose and poetry have been widely read and admired. She is one of three talented sisters, the youngest being Mrs. James Young, who has achieved success on the stage as Lillian Lancaster. The other sister Miss Henriette Clark, married Mr. Wolkewitz a descendant of the Polish nobility and lives in St. Louis.
